

LAPAROSCOPIC ULTRASOUND COURSE

University Hospitals
Plymouth
NHS Trust

Venue: Derriford Hospital, Plymouth, UK

Date: July 11th - 12th, 2019

Course Director:

Mr. Somaiah Aroori, Consultant HPB and Transplant Surgeon,
Peninsula HPB Unit, University Hospital Plymouth NHS Trust

Delegates: 15 places available

ST7, ST8, Consultants, Associate Specialists, Surgical Nurse Practitioners

Expert staff will deliver a unique, practical course, including the following elements:

- Basic principles of Intraoperative Ultrasound (IOUS).
- Role of IOUS in biliary disease, liver resections, and extra-hepatic conditions.
- Develop your IOUS skills with hands-on training in actual operations as well as using cadavers.
- Interactive lectures and videos.
- Presentations by BK Medical and Storz and the opportunity to practice using their devices.

Registration and Fee:

Fee: £200/€230. 25% discount for ASIT members. The fee covers registration, use of facilities, models, refreshments, and course dinner.
